

Travel Benefits of NBCE Directors

Since 1991, the **budgeted meeting and travel expenses** for each director of the National Board of Chiropractic Examiners has **increased about three fold**.

Average Meeting and Travel Expenses Per Director

One of the primary causes of the escalating expenses is the 150% increase in the *per diem* (from \$200 to \$500) payed to each director after travel expenses.

* These 1999 figures do not include the cost of travel by the board members to test sites (\$14,545 per director), which brings the total travel and meeting expenses to over \$55,000 per director.
